FORM MO-1065, PARTNERSHIP RETURN OF INCOME INSTRUCTIONS

Part 1 — Missouri Partnership Adjustment

The addition and subtraction items listed on Part 1 are necessary Missouri modifications. Completion of Part 1 will result in the net Missouri partnership adjustment that will be allocated to the partners in Part 2. The partner's adjustment can only be made from information available from the partnership. It is necessary for each partnership having modifications to complete Form MO-1065, Parts 1 and 2, and notify each partner of the adjustment to which he/she is entitled.

Interest on Exempt Federal Obligations — Interest from direct obligations of the U.S. Government, such as U.S. savings bonds, U.S. treasury bills, bonds, and notes is exempt from state taxation under the laws of the United States. Attach a detailed list or all Federal Form 1099(s). Partnerships that claim an exclusion for interest from U.S. obligations must identify the specific securities owned, (e.g., U.S. savings bond). A general description, such as "interest on U.S. obligation" or "U.S. Government securities" is not acceptable. (See 12 CSR 10-2.150 for the taxability of various U.S. Government-related obligations.) A list of exempt U.S. obligations must be provided to each partner by the partnership. This list will allow the partner to report the modification on his/her Form MO-1040, Individual Income Tax Return.

A federally taxed distribution received from a mutual fund investing exclusively in direct U.S. Government obligations is exempt. If the mutual fund invests in both exempt (direct) and nonexempt (indirect) federal obligations, the deduction allowed will be the distribution received from the mutual fund attributable to the direct U.S. Government obligations, as determined by the mutual fund. A copy of the year-end statement received from the mutual fund showing the amount of monies received or the percentage of funds received from direct U.S. Government obligations or a summary statement received from the mutual fund which clearly identifies the exempt and nonexempt portions of the U.S. Government obligations interest, must be provided to each partner by the partnership. Note: Failure to attach a copy of the notification furnished to you that specifically details the amount of the subtraction being claimed as the distributive share will result in the disallowance of the deduction.

In arriving at the amount of related expenses, the taxpayer may use actual expenses or a reasonable estimate. In general, the taxpayer should use the same or similar method to that used to compute related expenses for federal income tax purposes, provided that the method reasonably reflects related expenses for Missouri-exempt income.

If a taxpayer fails to compute reasonable related expenses, the Director of Revenue will make an adjustment based on the best information made available. If sufficient information is not made available or if the taxpayer's records do not provide sufficient information, the Director of Revenue will use the following formula to compute related expenses:

$$\frac{\text{Exempt income}}{\text{Total income}} \times \text{Expense items} = \text{Reduction to exempt income}$$

The principal expense item in this formula is interest expense; however, the Director of Revenue may include other expense items because of the direct relationship to the production of exempt income. The taxpayer may propose an alternative method provided that it properly reflects the amount of related expenses.

A net operating loss cannot be carried back to more than two tax periods. See Section 143.121.2(d), RSMo for more information.

The difference between the federal and Missouri depreciation calculated on assets purchased between July 1, 2002 and June 30, 2003 must be added/subtracted to disallow the accelerated depreciation and redistributed in subsequent years. See Section 143.121.2(c), RSMo for more information. See www.dor.state.mo.us/tax for more information.

Part 2 — Allocation of Missouri Partnership Adjustment to Partners

Part 2 indicates the portion of the Missouri adjustment from Part 1 that is allocated to each partner. Column 4 and the instructions for Column 5 are based upon the usual situation that a single general profit and loss sharing percentage applies to all partnership items and related modifications. Attach a detailed explanation (including extracts from the partnership agreement) if the Column 5 amounts are not based upon the same single percentage allocation indicated on Federal Form 1065, Schedule K-1. The explanation must include the nontax purposes and effects of the special allocation method.
